FEBRUARY PROGRAM

SHRINK ART WORKSHOP

By Cindy Bolton

Shrink is basically sheets of thin, flexible plastic that you could draw or color on. Apply chalks, colored pencil and/or inks lightly as any colorant on it will intensify when shrunk! After color is added (and holes made if desired) the plastic sheets are then put into a pre-heated oven. The heat of the oven makes them curl up and shrink (40% - 60%), eventually laying flat and becoming much smaller and rigid. They were great for making colorful jewelry, wine charms, key chains, zipper pulls and other fun items.

Bring your colored pencils (Cindy says these work best), chalk or ink and create your own unique Shrink Art.
