CLUB NEWS

November Program

What can Artwork Archive do for you?

Artwork Archive is a subscription based online database created especially for artists. Manage your inventory, track your sales & contacts, showcase your artwork online, and store and share high-resolution images. You can also print out an inventory report, title cards or a professional looking portfolio. There are many ways Artwork Archive helps the artist stay organized. Representative Katie Carey will be introducing the merits of Artwork Archive during the meeting on November 6th. The actual presentation will be shown on a screen, via Zoom, so those who cannot make the trip to the library may join remotely from home. It will begin at 7:30 pm.

(Click on the word [Zoom](#) for the link)

November Member Spotlight: Allen Brooks

October Member Spotlight Recap

At the October meeting we heard from member **Linda Bedard**. She shared three paintings which were all of the Cotswold Cottage at Greenfield Village. Two were of the building, one of the interior looking out at the grounds. A black cat was incorporated into each painting. What a fun idea! They were all in oil and beautifully executed.

Mixed Media artist Alessandra Collar Lipman

The speaker for our October meeting saw the return of mixed media artist Alessandra Collar Lipman. She did a wonderful job sharing her art journey and her unique approach to working with fabric. TCAC members and guests enjoyed an in-depth view to Alessandra's inspiration for her art, as well as her mixed media process. Her presentation was very informative, interesting, beautiful and inspiring.
