March Member Spotlight Recap

We were pleased to have Jim Bramlet as our March Member Spotlight. His interest and education in art began in high school and he continued to take several drawing and painting classes, but considers himself self-taught. He has worked with oil, acrylic, watercolor and pastel, but believes watercolor the most interesting. He went on to say how much he appreciated the educational value of Three Cities Art Club's guest speakers over the years and also the opportunities to display his work. He said that Three Cities has improved his life by being able to socialize with artists with extraordinary talent.

CRITIQUE NIGHT with Jean-Paul Aboudib

At our March meeting, Jean-Paul Aboudib joined us to facilitate our critique. With his experience and artistic insight, he offered invaluable guidance and constructive feedback to our members. All of us benefitted from this stimulating and enlightening session, whether we brought work to be critiqued or were just listening to his analyses. We hope to see him back in the future!
