The Power of Art: Reflections on White

To kick off the fall season, Three Cities Art Club is happy to welcome Wendy Evans, a former art history instructor at Wayne State University, longtime DIA volunteer and lecturer. In her talk *The Power of Art: Reflections on White*, Evans will discuss the ways in which well known artists have

used white impactfully and explore a variety of artworks in color plays a special role. Find out how white evokes an emotional reaction and is often symbolic. Don't miss this informative presentation of one of the most basic colors and yet one of the most important!

Three Cities Art Club

PICNIC

Three Cities Art Club finished the year with a great turnout at our annual picnic at the Westland VFW. We had a great time eating chicken (provided by TCAC) and the various dishes and desserts members contributed. It was a hot evening, but it did not stop us from socializing and having a great time. Sarah Koch had a particularly profitable night when she pulled the winning ticket in the 50/50 Draw!!

A special thanks goes to Mike Rokita, Sharon Dillenbeck-Rokita and BOVA 9885, who hosted the event. Thank you to those who brought food to share and to those who set up and cleaned up!
